

-----message-----

Further to our conversation earlier today, please find confirmation of the insurance coverages USAA offers for vehicles shipped to Europe that will maintain stateside registration for a short period of time.

USAA will be able to provide insurance for our members that ship a vehicle to Europe (Norway) but will maintain active US plates and registration for a short period of time (1 to 6 months) prior to registering the vehicle in the new location.

The Europe Touring Policy for owned vehicles will provide Liability: Bodily Injury per person \$1,000,000 and per occurrence \$1,000,000 and Property damage per occurrence of \$100,000. Medical Payment, Comprehensive, Collision, Rental Reimbursement and Towing and Labor are additional optional coverages.

The Green Card will provide confirmation of insurance when in Europe and will require a stateside address and license plate number of the vehicle.

Upon registration of the vehicle with Norwegian plates USAA does not provide liability coverage, however we can offer Physical Damage Coverages which includes Comprehensive, Collision, Rental Reimbursement and Towing and Labor. The required local liability coverage can be obtained from Forsikringspartner AS by calling them direct on 011 -47-225-11370

All policies written by USAA in Europe are subject to our members meeting our underwriting requirements.

Major Cuff if you require any further assistance please do not hesitate to contact me directly on the toll free number 00800 531 81110 extension, 51815.

Thank you for choosing USAA. Please reply to this message within 30 days from the date you receive it. The message will be unavailable after that time frame.

Sincerely,
